

A must for pressrooms needing to mix spot color inks.
Durable. Simple. Priced right.

AccuMix™ MB

The AccuMix-MB™ mixes all types of highly viscous paste products. This mixer was built with simplicity and durability in mind. The turntable easily accommodates containers from 5 to 10 pounds (2.5 kg or 4.54 kg). The low-torque design allows this tool to handle all types of highly viscous products. Tins are firmly secured in the sliding clamps. The AccuMix-MB efficiently mixes using a slow rotation and an adjustable steel blade. This tried and tested mixer is a low-cost, durable addition to your ink room.

Clamping made easy.

It's easy to secure a tin into the AccuMix-MB. Thumbscrew clamps on the turntable guarantee the tin is properly centered, ensuring an efficient mix. Built to last, the low-torque motor provides for smooth and quiet operation.

Adjust time. Start. Stop.

The control panel makes adjusting the timer easy, helping adjust for a wide variety of materials.

Ink Types:	Offset paste ink
Capacity:	5 pounds to 10 pounds (2.5 kg to 4.54 kg)
Dimensions:	116" (40.6 cm) W x 18" (45.7 cm) H 20" (20.8 cm) D
Weight:	75 lbs. (34.1 kg)
Power Requirements:	120VAC, 60 Hz, UL-NEMA 5-15, 2 pole
Ink Types:	All types of highly viscous paste inks
